

Trainings Attendance Expectations

For School Health Programs (HSB)

The Children's Trust is committed to strengthening agencies' ability to effectively deliver needed services and manage their operations, therefore providing positive impact to the children and families in the communities being served. To that end, The Trust's program and professional development providers offer high quality, relevant trainings specific to initiative and audience needs. Providers must ensure appropriate staff and subcontractors attend various initiative-specific trainings administered by The Trust's program and professional development providers.

Trainings offered through Project RISE, ACT, Injury Free Coalition, FLIPANY and various specialized and evidenced-based programs (EBP) are listed in the attached chart. Each training specifies if the training is required, recommended or optional, and for which intended audience and at what frequency.

In addition, please note and abide by the following:

Cardiopulmonary Resuscitation (CPR) training from other organizations, i.e., the American Red Cross, is accepted if it meets CPR certification. The Children's Trust offers a limited number of CPR trainings as first come, first served. Providers are responsible for this training requirement regardless of Trust-sponsored availability.

Based upon results of program metrics, additional trainings for specific staff and/or entire provider agencies will be required. Providers are encouraged to access trainings and opportunities from other quality professional development organizations.

Training Title and Provider	Required	Description	Staff	Frequency
	Recommended			
	Optional			
Cardiopulmonary Resuscitation (CPR) (Miami-Dade Area Health Education Center)		First Aid/CPR/AED is a 4 hours training teaches providers how recognize and respond appropriately to cardiac, breathing and first aid emergencies. Provider will have the knowledge and skills needed to give immediate care to an injured or ill person and to decide whether advanced medical care is needed. Training from other organizations, i.e. The American Red Cross, is accepted if it meets CPR certification. The Children's Trust offers limited number as first come, first served. Provider is responsible for training requirement.	ARNP, RN. LPN	Every Two Years (individual certification date)
Medication Administration /Error Prevention (Annual School Health Professional Development)		2-hour continuing education activity to explore approaches to prevent medical errors that are both system-based and human performance-based and describe The Joint Commission National Patient Safety Goals as they pertain to medical errors in healthcare settings	ARNP, RN. LPN	Once a Year; upon hire
Child Abuse and Neglect (Department of Children and Families)		1-hour continuing education activity to learn ways to recognize various forms of child abuse and neglect, reasons for and results of child abuse and neglect, typical traits of abusive or neglectful parents, the caregiver's responsibility in reporting it, and ways caregivers can help children who are the victims of child abuse and neglect. Also learn specific strategies to strengthen families and reduce the risk. This is not correlated to Staff Credential Part 1 with DCF Licensing for YAS or Early Childhood Providers. This could be one topic as needed within yearly license renewal requirements.	ARNP, RN. LPN	Every Two Years
