PROCEEDINGS

(Recording of the meeting began at 3:30 p.m.)

MS. HOLLINGSWORTH: Good afternoon, everyone. We're ready to get started. I hope everyone is loving the new mic system. And Jim is the hand that rocks the cradle so far.

I hope everyone had a great 4th of July. Do we have any public comments today?

MS. JEANTY: No.

MS. HOLLINGSWORTH: None, okay. Then we're ready to move on to the approval of the June 8th, 2017 Program Services & Childhood Health Committee minutes summary.

Has everyone had an opportunity to review the minutes, and may I have a motion to approve?

MS. DE MOYA: So moved.

MS. HOLLINGSWORTH: Second?

DR. BAGNER: Second, Bagner.

MS. HOLLINGSWORTH: The minutes are approved. And we are moving on to resolutions --

MS. KOBRINSKI: We need a vote.

MS. HOLLINGSWORTH: All those in favor?

(WHEREUPON, the Board members all responded with "aye".)
MS. HOLLINGSWORTH: Opposed?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: Okay. Minutes are approved. And now moving on to the resolutions, we have three on the agenda today.

MR. HAJ: Resolution 2017-A, authorization for the president and CEO to accept the $93,600.00 contribution from Miami Beach Chamber Foundation, the fiscal agent for the City of Miami Beach and neighboring municipalities, to negotiate with Borinquen Medical Health Center, a funded school health provider, to provide behavioral health enhancements in all eight Miami Beach public schools, for a term of nine months commencing August 1st, 2017 and ending June 30th, 2018.

MS. HOLLINGSWORTH: May I have a motion?

MS. DE MOYA: So moved.

MS. HOLLINGSWORTH: Second?

MS. WELLER: Second, Weller.

MS. HOLLINGSWORTH: Any recusals?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: Moving on to discussion, comments?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: Hearing none, all those in favor?
WHEREUPON, the Board members all responded with "aye".

MS. HOLLINGSWORTH: Opposed?

(NO VERBAL RESPONSE.)

MR. HAJ: Resolution 2017-B, authorization to negotiate and execute a third-year contract renewal with Miami Children's Initiative for a term of 12 months commencing August 1st, 2017 and ending September 30th, 2018, in an amount not to exceed $235,000.00.

MS. HOLLINGSWORTH: May I have a motion?

MS. DE MOYA: So moved.

MS. HOLLINGSWORTH: And a second?

MS. LEICHTER: Second, Leichter.

MS. HOLLINGSWORTH: Any recusals?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: Discussion, comments?

MS. DE MOYA: I just have a question. This is to execute a third-year contract. Does that mean the third cycle of a three-year contract?

MS. HOLLINGSWORTH: I believe so.

MS. SYLVESTRE: This is part of funder collaboration. This isn't part of a competitive solicitation.

MS. DE MOYA: Right, I know.

MS. SYLVESTRE: So this is the third year
that we're wanting to be part of this funder collaboration. We believe that the impact that we're having is such that we should continue funding the collaboration in addition to MCI being able to get additional funding from other sources.

They have been able to provide impact in the community in the form of, they've opened a second site. They've been able to help some of their high school graduates get to college.

They've been able to help the parents of the children that they serve get jobs and retain the jobs, which is another huge win. And we feel that the trajectory that they're going on and the fact that the funder collaboration is bearing fruit, that we should continue funding into this collaboration.

So this would be -- the focusing that we have for this would be like our matched grants, like we had with the Redlands Christian Migrant Association, where every year, we look and say, do we still want to provide that match and then we make a determination of "yes" or "no."

MS. DE MOYA: Okay. So this is the third time?

MS. SYLVESTRE: This is the third time.

MS. DE MOYA: Okay. I know that last time,
I'm not sure how it came up, but Cecilia had resigned.
Do they have another executive director?

MR. HAJ: An interim CEO.

MS. SYLVESTRE: They have an interim CEO, and I was in communications with their Board chair last week, and they have a short list of candidates that they're going to be interviewing in the next two weeks.

But I just want to say that even with the interim CEO, who's sitting over here, there's not been a break in service and we continue to be satisfied with the results of the organization.

MS. DE MOYA: Okay. That's it.

MS. HOLLINGSWORTH: Thank you. Any other questions?

DR. BAGNER: Is there kind of an allocation to how money is spread across these different types of services within the initiative?

MS. SYLVESTRE: So this is one of our -- and I think this might have happened before you come on the Board. So this is our funder collaboration effort. And it basically is a different type of funding from how we normally fund.

So normally we fund at a program level and we say, we're going to fund these many participants in this program for this amount of dollars.
We decided not to go that route and we're funding at the organization level. So it's about helping to build an infrastructure and build capacity so that the organization can grow and increase the impact and the footprint in the area that they're serving.

So we fund — part of it is we give the director a salary, part of the program director's salary, part of the early childhood director's salary, and there's one more salary that I am — program director's salary.

So we're funding at that level and then we also some administrative costs, so it's not at the program level. And another thing — another reason why we decided to go that way is that then we can say that we're laying claim to all of the results of the organization as opposed to any funding at the program level, we only get the results and impact of the parts of the program that we fund.

And that's why you will notice that in the MCI report, we have reports on not only the impact on the children but also impact on the parents in the program in the community.

MR. HAJ: And for those of you not aware, this is modeled after the Harlem Children's Zone. I know that well because I was asked that on my interview
question as CEO from Madam Vice Chair and I had to go
read the book the following day.

MS. DE MOYA: So he now knows it very well.

DR. BAGNER: Yeah, that's very helpful to
understand how we're funding it. I guess what I'm also
wondering is, in terms of their initiative, I mean, I
know we're not funding the direct programs, but how is
it allocated.

When I see parenting in there, I would hope
that that's a heavy investment for them as an
organization, things that are consistent with our kind
of strategic plan, are they in line with that?

MS. SYLVESTRE: Yes, so that's the context
in which you're asking. So they have a cradle to career
model that is focused on early child care through
career.

And they are also focused not only on the
children but on the family and people that live in their
household. They are also an agency that's part of our
shared services where they're helping to cast out a
shared service grant that we have at the university
where the child care centers come together and share the
directors and share some of the back office costs.

So they're definitely into early child care.

I think, if you look at the reso, the stats for the
percentage of kids in their area that they serve, 90 percent are in Head Start or VPK programs.

And that's the direct result of MCI going door-to-door and working with the parents and telling them why it's important to be in early child care.

And if you look at the school age results, you'll notice that they also have a really good working relationship with the school. So if a child misses school, MCI is following up with a phone call at the school as well to understand why the child missed class.

And so as Jim said, it's a model after the Harlem Children's Zone, which is a whole child/whole family approach to providing services, not just maybe providing tutoring services or providing parenting services, a holistic approach.

MS. HOLLINGSWORTH: And if I could add to what Stephanie has said, you know, historically, we've watched, over the past many years, and watched MCI, much like the Harlem Children's Zone, go block by block and each year expand their zone of influence.

Not only are they going wider but they're also going deeper all the time. So the early childhood work is remarkable, but the cradle to career strategy is equally effective across the ages.

Any further questions, discussion?
REPRESENTATIVE DURAN: Just one question, Madam Chair. The other organizations -- I noticed here you have several other organizations, other funders who are included, are they re-upping as well?

MS. SYLVESTRE: Yes. Both Hyman Brown -- Hyman Brown has a five-year commitment and Key Biscayne Charitable Trust is re-upping. City Year, I believe, this is the second year of a three-year funding cycle for them, and they just got another grant for $100,000.00 through the Florida Association of Healthy Start Coalitions.

So the thing about this model that we strongly believe and support is the fact that by deferring some of the costs of the administrative staff, the organization can continually -- constantly be forward-looking for how we can find more funds and how we can bring more programming into the community.

MS. HOLLINGSWORTH: Thank you. Are we ready to move to a vote?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: All those in favor?

(WHEREUPON, the Board members all responded with "aye".)

MS. HOLLINGSWORTH: Opposed?

(NO VERBAL RESPONSE.)
MS. HOLLINGSWORTH: The resolution passes.

MR. HAJ: Resolution 2017-C, authorization to negotiate and execute contract amendments to extend the 2017-2018 Quality Counts contract year through July 31st, 2018, for seven contracts and three purchase orders, and to increase funding for the month's services are being extended in order to align the contracts with the competitive solicitation funding cycles anticipated to begin August 1st, 2018, in a total amount not to exceed $772,955.00.

MS. HOLLINGSWORTH: May I have a motion?

MS. DE MOYA: So moved.

MS. HOLLINGSWORTH: Second.

MS. LEICHTER: Second, Leichter.

MS. HOLLINGSWORTH: Recusals?

Hollingsworth, I work for the Early Learning Coalition.

Moving on to discussion.

MS. DE MOYA: What does it mean where it says, "and to increase funding for the month's services are being extended?" It doesn't make sense. The way it's reading to me doesn't make sense.

MS. SYLVESTRE: So these contracts traditionally end on June 30th of the contract year and we want to extend it for one month and have it end on July 31st of the contract year.
And this is part of our effort to be consistent with the start of our contract and the end of our contract and just additional streamlining in our operations.

MS. DE MOYA: I understand that part. But when I'm reading it -- when you read it, "three purchase orders, and to increase funding for the month's services are being extended." So you're increasing funding for that one month?

MR. HAJ: Correct.

MS. HOLLINGSWORTH: Yes.

MS. DE MOYA: It's being extended. Okay.

MS. HOLLINGSWORTH: Any other questions?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: All those in favor?

(WHEREUPON, the Board members all responded with "aye".)

MS. HOLLINGSWORTH: Opposed?

(NO VERBAL RESPONSE.)

MS. HOLLINGSWORTH: Resolution carries.

MR. HAJ: CEO report. The Finance Committee met for two hours this morning reviewing the budget. We will be bringing the budget on Monday to the full Board to take a vote on the millage rate as well as the budget to take it to TRIM in September.
So after much discussion, the decision the Finance Committee voted on to bring the recommendation to the Board was to go back to the rollback rate, to go back to the rollback rate for this year, use fund balance, still put the money, the four million dollars to early childhood, three million to parenting, three million in our after-school programs, but to use that from the fund balance so we can draw the fund balance down and then look at the millage rate next year as we go into the solicitation cycle.

So we will have plenty to provide to you for the Board meeting, but I just wanted to give you a brief summary of what happened this morning. And that is it, Madam Chair.

MS. HOLLINGSWORTH: Okay. Thank you. If there's nothing, we're ready to adjourn.

(Whereupon, at 3:49 p.m., the meeting was adjourned.)
